

The Legend of Ben Von Pentz  
(The Mentor of Field 2)

I know you were happy  
when he took you away.  
Because you were running the path  
that very day,  
Less than one week  
Before the test  
The test for the job  
That you loved best  
And it's just not right  
Nor is it fair  
Your loss has left me  
In true despair  
Although we were friends  
For two short years  
I'll never forget  
Your words to my ears....  
Anytime there are waves  
Give thanks and give praise  
Be kind not rude  
Have a good attitude  
Kayak like a maniac  
It pays to be a brainiac  
When in doubt  
Get the AED out  
Be on time, watch your waters  
Ladies and gents watch your daughters  
Have confidence in your stride  
Life is short enjoy the ride  
Don't watch life as it passes by  
Speak to women eye to eye  
Complimenting is ok  
Carpe diem! Seize the day!  
I remember the first sit  
Can't forget the last  
Or the stories you told  
Present and past  
There are a few things  
That I will never share  
Secrets for you and I  
Up on that chair  
So when I row that boat  
I'll think of you  
And the waves we rode  
And the flag we flew  
Of all the things you taught us  
Those were just a few  
You'll always be a mentor and a legend  
To your boyz at field 2
